

Cheeky Monkeys

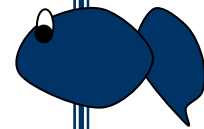

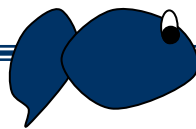

It is only one more month until our class says good-bye to Teacher Mimi and Teacher Chenda!

We have had a wonderful year together, and we have learned so much.

This past month our class has learned about opposites: big and little, forward and backward, day and night, and front and back. We have also enjoyed our sand-table and exploring new toys that our class has recently acquired! We did coloring pages, footprints and handprints, and beautiful collages!

During the month of August, our class will be learning about the big beautiful ocean, and all about creatures that live there. We will talk about kinds of fish, octopus, crustaceans, and more! Lots of crafts and activities are in store as we explore under the sea!

We look forward to this month of fun and activities!!
